

# FIND YOUR EVEREST® BAND SIZE

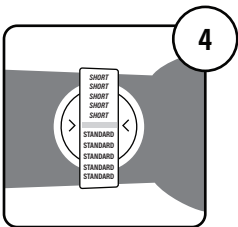

Cut wrist ruler on right side of this page along the dotted guidelines. Hold top circle of wrist ruler in place at the same location where your watch case would sit on your wrist.

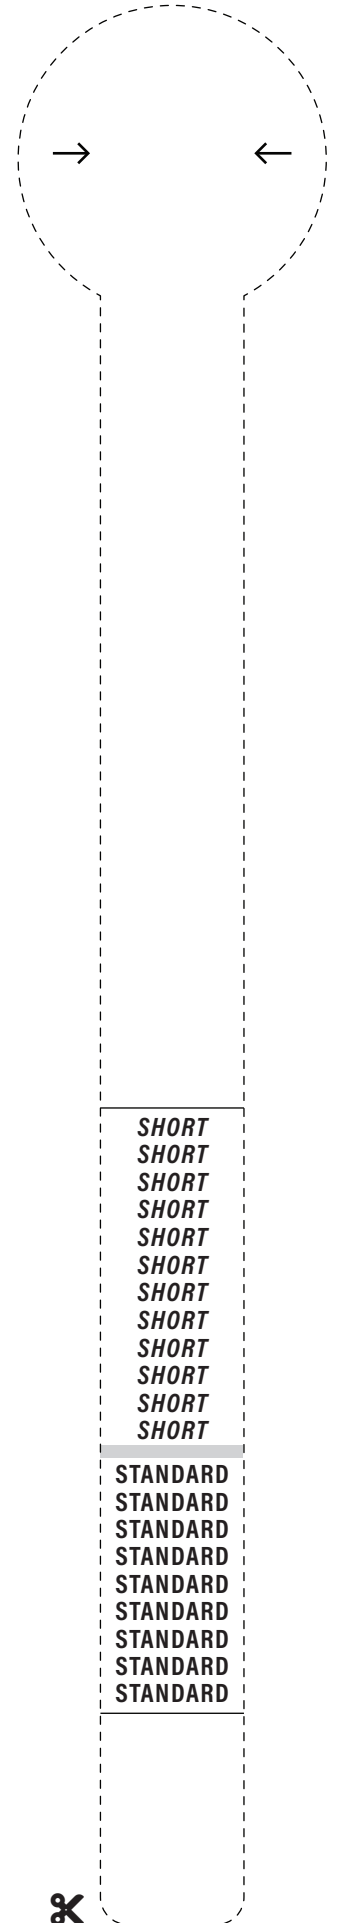

Wrap the wrist ruler around your wrist, ensuring that you are holding tightly and the ruler does not slide up and down.

Take note of the word that is shown between the two arrows on the circle at the case position on your wrist. If it lands somewhere in the "SHORT" area, the short strap size is right for you. "STANDARD" means the standard size is your size.

If the arrows point to the space **between** "SHORT" and "STANDARD," it is safe to purchase the standard size strap. That's it! Head back to [everestbands.com](http://everestbands.com) and finish the process of customizing your watch.

## PRINT PAGE AT 100%. DO NOT SCALE.

When this document is printed at full size, a standard credit card will fit precisely within this outlined rectangle.
